CITY CLERK

Subject: No for Bills 8-9

I am against Bills# 8 and 9 because placing locations on advertising causes security issues.

I used to get very frustrated with the owners when I would rent and they would not divulge their address until final payment. We have family in Kailua and I thought it would be beneficial to see how close they were to my family. However, I have now gotten used to the process and totally understand that it not only protects the landlord, but the security of not divulging locations also protects me when I am there.

The world is not as it used to be and security is very important
